

Why waste time searching
for a light source...

**Introducing the
OfficeSPEC:**

- Do you have a problem with misplaced light sources?
- Does it take you a long time to locate a light source when one is needed?
- Never waste time searching for a light source again!
- Never worry whether or not your light source and cable have been cleaned properly!
- Add a speculum and light source to every exam room!

OfficeSPEC[®]

DISPOSABLE SIDE OPENING MODEL

OBP Medical is proud to offer the first open sided disposable speculum. Why waste time and money finding, cleaning, and replacing reusable light sources? For single use only, the OfficeSPEC eliminates the time and expense of reprocessing and **reduces the risk of cross-contamination** in the medical setting. The OfficeSPEC comes ready to use with no additional parts needed. An ultra bright LED light source is built into each unit allowing you to never worry about a light source again! The OfficeSPEC is a must have instrument for all clinics, emergency rooms, urgent care, physician offices, etc.

Product Features:

- Built-in battery operated LED light source with smoke channel for improved visibility.
- Comfortable ergonomic design for improved balance and easy maneuverability during exams.
- Open sided for improved instrument access and removal.
- Will not pinch for greater patient comfort.
- **SAVE TIME & EXPENSE!**
